

Sending Funds via CFSB Zoom

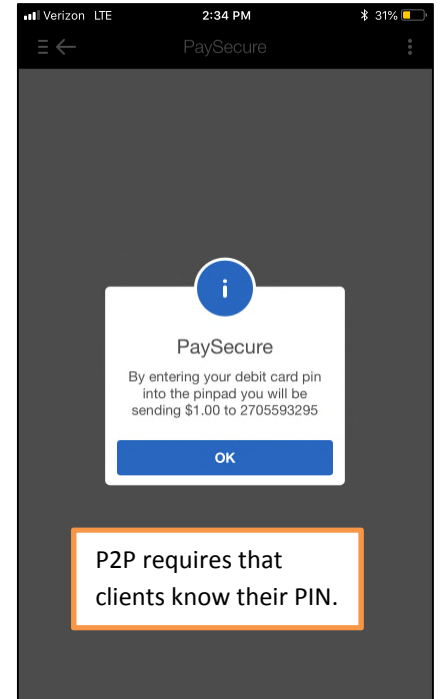

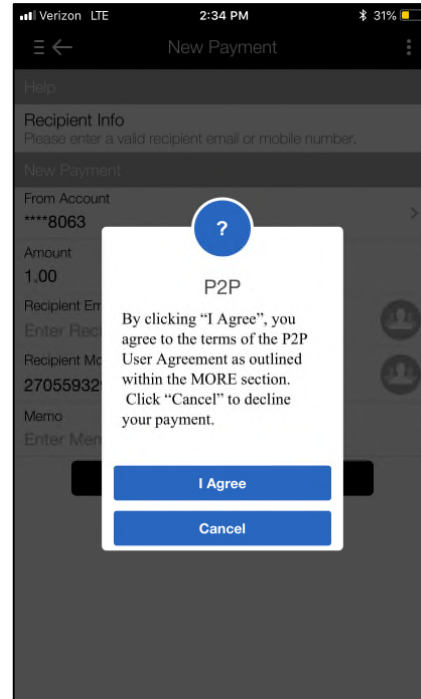

Client must go to manage cards first to set up a payment method.
After first time, client can just go to make a payment.

For recipient info: client may enter the information manually or click on the people icon to choose from their phone contacts

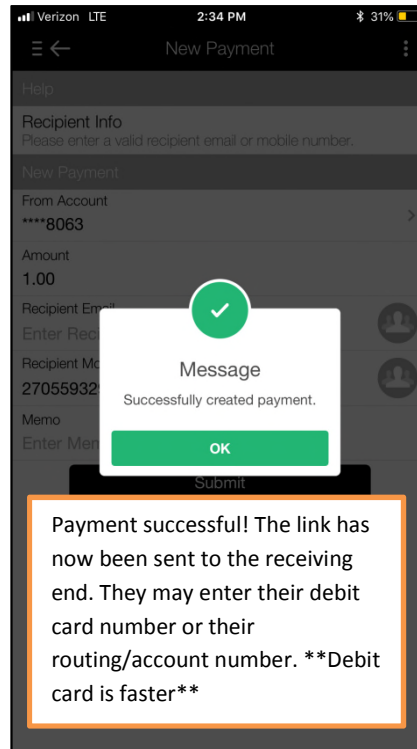

This is the view for select account. It will show cards currently enrolled

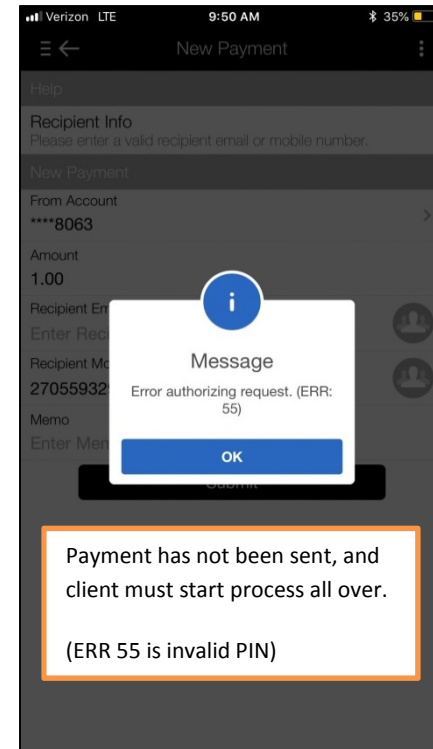

P2P requires that clients know their PIN.

Client must enter PIN to submit payment. The keyboard will scramble after every number entered. Please advise clients to pay close attention to location of numbers

Payment successful! The link has now been sent to the receiving end. They may enter their debit card number or their routing/account number. **Debit card is faster**

Payment has not been sent, and client must start process all over. (ERR 55 is invalid PIN)
